Lucknow, Uttar Pradesh, India

Summary

Recent On-Site Experience

=====

Most recently, I served as an IFS Applications Consultant for a defense organization in Adelaide, SA, where I:

- Configured IFS applications to meet specialized client requirements
- Resolved complex user queries regarding existing IFS functionality
- Implemented integration between IFS and Windchill using Boomi as an integration broker
- Led preliminary preparations for IFS Cloud migration

My technical expertise in enterprise systems focuses on delivering solutions that enhance operational efficiency, particularly in the defense sector. I excel at bridging technology gaps and providing seamless integration across platforms to drive business success.

Experienced Technical Consultant specializing in IFS ERP implementation and optimization across multiple platforms (Apps 8, 9, 10, and IFS Cloud). With a proven track record in enterprise system development, I deliver customized solutions including Base server configurations, Application forms, Interfaces, Web services, and specialized reporting tools.
